

MEADOWDALE BEACH COUNTY PARK COMMUNITY MEETING

When: Monday, December 15, 2014; 6:30 pm to 8:30 pm

Where: Meadowdale High School Great Hall (Entrance nearest Flagpole)
6002 168th Street SW
Lynnwood, WA 98037

Snohomish County Parks and Surface Water Management are seeking input on the Meadowdale Beach County Park Feasibility Study. We need to establish criteria that will be used to evaluate alternatives for addressing public access, fish barrier and maintenance issues at the Lund's Gulch Creek culvert at Meadowdale Beach County Park. A brief overview of the project's scope and timeline will be presented by staff; followed by the consultant facilitating a discussion with the attendees to solicit feedback and suggestions on draft criteria. We look forward to hearing from you.
